RE: Report on Waterless Urinals in Boise WaterShed Building

Dear Mr. Lohrengel:

On June 30, 2006, the Idaho Plumbing Board gave Boise City Public Works permission as a pilot project to use waterless urinals, with the requirement that monthly reports be provided to the Board. The building has been in use for the first month as the grand opening ceremony for the Boise WaterShed was held on May 15, 2008. Following is a report of the use of the two waterless urinals during this first month:

There have been two issues with the initial installation. There was an installation problem with one of the units as the drain connection to the waste piping was improperly made so there was leakage when it was initially used. This was corrected by making the connection water tight. The second issue was the education of the janitorial contractor on the operation and routine cleaning of the urinal. Regular cleaning of the units has not been an issue since reviewing the manufacturer's recommendations for cleaning.

Also, as requested by the Board, attached are pictures of the installation taken after the first month of use.

If you have any further questions, please call Kent Johnson at 384-3926.

Sincerely,

Kent A. Johnson, P.E.
Project Manager

RE: Report on Waterless Urinals in Boise WaterShed Building

Dear Mr. Lohrengel:

On June 30, 2006, the Idaho Plumbing Board gave Boise City Public Works permission as a pilot project to use waterless urinals, with the requirement that monthly reports be provided to the Board. The building has been in use since May 15, 2008. Following is the monthly report of the use of the two waterless urinals through June 15, 2008.

Two issues were identified from the last month, a leaking drain pipe and cleaning by the janitorial staff. We noted during the past month that one of the units drain connection to the waste piping was leaking again (or still leaking) and had the contractor return for correction. The janitorial contractor has complained about the odor from the urinals, but it is not clear now if the odor is from the urinals themselves or the leaking drain pipe.

If you have any further questions, please call Kent Johnson at 384-3926.

Sincerely,

Kent A. Johnson, P.E.
Project Manager

000-010

011. APPRENTICE REGISTRATION.

The minimum age for any apprentice shall be sixteen (16) years. All apprentices shall be registered with the division. The registration fee shall be as prescribed by Section 54-2614, Idaho Code. No examination is required. In order to maintain registration properly, an individual must be working at the trade under the constant on-the-job supervision of a journeyman and in the employ of a contractor. The apprentice must also be enrolled and active in an approved related training class for a total of three (3) years for residential endorsement, and four (4) years for a journeyman~~four (4) years~~. Unless prior approval has been granted by the plumbing bureau, the apprentice must complete the required course work sequentially: year one (1) must be completed prior to beginning year two (2); year two (2) must be completed prior to beginning year three (3); year three (3) must be completed prior to beginning year four (4). A minimum of one hundred forty-four (144) hours of classroom and /or other board approved instruction time per school year is required. A grade average of seventy percent (70%) must be maintained in these courses. Upon completion of apprenticeship training, the apprentice must obtain a certificate of completion, or a letter signed by the chairman of his apprenticeship committee, and attach the certificate or letter to his application for a journeyman license. In order to maintain registration, the apprentice shall renew his registration annually in the month of his initial registration. The renewal fee shall be as prescribed in Section 54-2614, Idaho Code.

012. RESIDENTIAL ENDORSEMENT.

01. Qualifications for Residential Endorsement. An applicant for a residential endorsement must have at least three (3) years experience as an apprentice making plumbing installations under the constant on-the-job supervision of a qualified journeyman plumber, as provided by Section 54-2611, Idaho Code. Pipe fitting will not be accepted as qualifications for a journeyman plumber's license. The first step in obtaining a residential endorsement is to submit an application for examination and license. The application must be accompanied by proof the applicant has completed a minimum of three (3) years experience in the trade as provided in IDAPA 07.02.05.011. Exhibition of a current license or photostatic copy of it from another jurisdiction may be accepted as proof of experience. The examination fee shall be as prescribed by Section 54-2514, Idaho Code, and must accompany the application. Time spent with a residential endorsement shall not apply toward time required for obtaining a plumbing contractor license.

02. Examination. The residential endorsement examination grade is based on (1) answers to written questions and (2) practical work to be performed at a location approved by the plumbing bureau after the completion of the written examination. A passing grade is required on the written examination. The practical work must pass with no violations.

03. Scope of work permitted. A residential endorsement shall fulfill the constant on-the-job supervision requirement for one and two family dwelling units only and shall not supervise more than one apprentice; and will be considered an apprentice in all other applications.

0123. JOURNEYMAN.

01.

02. Examination. The journeyman examination grade is based on (1) answers to written questions and (2) practical work performed ~~on a job in progress~~ at a location approved by the plumbing bureau after successful completion of the written work. ~~Time allowed for the written exam is four (4) hours.~~ A passing grade is required on the written examination. The practical must pass with no violations.

0134. PLUMBING CONTRACTOR

0145. APPLICATIONS

0156. EXAMINATION.

01. Examinations for Journeyman and Residential Endorsement Plumber. Written examinations for any journeyman plumber's license shall be formulated and approved by the board. Examination questions shall be based on the practical application of the Uniform Plumbing Code. No license shall be issued unless the applicant receives a final grade of seventy-five percent (75%) or higher on the written examination and passes the practical portion with no violations. An applicant receiving a grade of less than seventy-five percent (75%) may apply for reexamination upon payment of the examination fee. An applicant has six (6) months to achieve a passing score. If an applicant does not achieve a passing score in six (6) months, the applicant must enroll in year four (4) for journeyman plumbers or year three (3) for residential endorsement in a Board-approved related training course, complete year four (4) for journeyman and year three (3) for residential endorsement, be registered with the Plumbing Bureau as an apprentice, and maintain registration as per Section 011 before the applicant will be eligible to apply for examination. A completion certificate for year four (4) for journeyman and year three (3) for residential endorsement and the proper application fee must accompany a new application for a journeyman or residential endorsement examination.

Dear Mr. Wood

Waterless urinals have had a positive impact on our wastewater lagoons. They have saved thousands of gallons of water! Including pump time producing the water. I would recommend them to anyone. You just have to follow the Bi-monthly cleaning and you are good to go. The public have commented on saving water. Public likes the idea of saving a natural resource.

2008-2009 LEGISLATION AND RULES

WORKING DRAFT

Legislation – Title 54, Chapter 26, Idaho Code

54-2606. Powers and duties of the Idaho plumbing board. (1) The board shall have the general administration and supervision of the design, construction, installation, improvement, extension and alteration of plumbing and plumbing systems, except that which has been heretofore and hereinafter exempted from the jurisdiction of this board, in connection with all buildings, residences and structures in this state including buildings, residences and structures owned by the state or any political subdivision thereof.

(2) The division of building safety shall enforce the minimum standards and requirements therefor as provided by this chapter.

(3) The board may exercise such powers and duties as are reasonably necessary to carry out the provisions of this chapter, and it may among other things:

(a) Establish the fees to be charged for permits and inspections of plumbing systems.

(b) Hold public meetings and attend or be represented at such meetings, within or without the state, prepare and publish rules pertaining to this chapter, and such other information as may be necessary, and furnish copies thereof to those engaged in the business, trade, practice or work of plumbing and pipefitting and to the public upon request.

(c) Furnish standards and procedures and prescribe reasonable rules for examinations, qualification and certification of plumbing contractors~~—and, journeymen and apprentices—plumbers~~ not herein prescribed, including the furnishing of a compliance bond in an amount not to exceed two thousand dollars (\$2,000) for the contractor classification or evidence of such coverage by a corporate industry group bond acceptable to the board and establish continuing education requirements for journeymen and contractors.

(d) Furnish standards and procedures and prescribe reasonable rules to provide for the certification of specialty contractors, specialty journeymen, and specialty apprentices, including the furnishing of a compliance bond in an amount not to exceed two thousand dollars (\$2,000) for the specialty contractor classification or evidence of coverage by a corporate industry group bond acceptable to the board.

(e) Establish by administrative rule civil penalties not to exceed one thousand dollars (\$1,000) for each count or separate offense, to be paid for violations of this chapter and rules of the Idaho plumbing board; and to establish by administrative rule the process by which appeals from the imposition of civil penalties may be heard. The board is authorized to affirm, reject, decrease or increase the penalty imposed; however, the board shall not increase any penalty imposed to an amount exceeding one thousand dollars (\$1,000) for each individual count or separate offense.

54-2617. Certificate expiration - Renewal - Rules for staggered schedule. (1) Certificates of competency shall be issued for a period of three (3) years, and shall expire three (3) years from the date of issue, unless sooner revoked or suspended.

(2) A certificate of competency for contractor or journeyman may be renewed at any time during the month prior to its expiration by proof of completion of the continuing education requirements as established by the board and compliance with all other renewal requirements of statute or rule. A certificate of competency for specialty contractor and specialty journeyman may be renewed at any time during the month prior to its expiration by compliance with all renewal requirements of statute or rule.

(3) Failure of any holder to timely renew a certificate of competency shall cause lapse of the certificate, but it may be revived within one (1) year without examination only upon payment of the full initial fee.

(34) The board shall promulgate rules to provide for a staggered schedule of issuing and renewing certificates of competency.

04. Bureau. The Plumbing Bureau of the Division of Building Safety. ()

05. Division. The Division of Building Safety of the state of Idaho. ()

0048. – 010. (RESERVED).

012. JOURNEYMAN.

01. Qualifications for Journeyman Plumber. An applicant for a journeyman plumber's license must have at least four (4) years experience as an apprentice making plumbing installations under the constant on-the-job supervision of a qualified journeyman plumber, as provided by Section 54-2611, Idaho Code. Pipe fitting will not be accepted as qualifications for a journeyman plumber's license. The first step in obtaining a journeyman certificate of competency is to submit an application for examination and license. The application must be accompanied by proof the applicant has completed the minimum of four (4) years experience in the trade as provided in ~~IDAPA 07-02-05-011~~ Section 011 of these rules. Exhibition of a current license or photostatic copy of it from another jurisdiction may be accepted as proof of experience. The examination fee shall be as prescribed by Section 54-2614, Idaho Code, and must accompany the application. ~~(8-25-88)~~()

02. Examination. The journeyman examination grade is based on: (1) answers to written questions and (2) practical work performed on a job in progress after successful completion of the written work. Time allowed for the written examination is four (4) hours. A passing grade is required on the written examination. The practical work must pass with no violations. ~~(8-25-88)~~()

03. Continuing Education. Journeyman must complete at least sixteen (16) hours of continuing education as approved by the board for every three (3) year license period or complete an examination administered by the division. Eight (8) hours of continuing education must be on the plumbing code currently adopted by the board and eight (8) hours may be industry-related training. Proof of completion of approved continuing education training must be submitted prior to or at the time of license renewal. ()

013. PLUMBING CONTRACTOR.

01. Qualifications for Plumbing Contractor. A plumbing contractor must be certified as competent by the board and the ~~director~~ administrator of the ~~department~~ division before he offers his service to the public. To obtain the certificate, he must first submit an acceptable application. The application must show, among other things, a provable minimum of two and one-half (2 1/2) years experience as a journeyman plumber either in the state of Idaho or another Sstate. Such experience may be proven by the submission with the application of a photostatic copy of the license from another jurisdiction, which has been held for the required period of time. However, if the applicant is from a state which does not require or provide for formal journeyman licensing, then said experience may be proven by the submission of three (3) sworn affidavits from individuals attesting to the fact that the applicant has had at least two and one-half (2 1/2) years experience as a journeyman plumber. Applications which are incomplete in any detail will be returned as unacceptable. A compliance bond must also be on file in the ~~department~~ division before an examination will be given. The examination fee shall be as prescribed by Section 54-2614, Idaho Code, and must accompany the application. ~~(8-25-88)~~(____)

2. Restrictive Use of Contractor Certificate. Any individual holding a contractor certificate and designated by a firm to represent that firm for licensing purposes shall represent one (1) firm only, and shall immediately notify the ~~department~~ division in writing when his working arrangement with that firm has been terminated for purposes of becoming self-employed or affiliation with another firm, or for any other reason. A license holder cannot represent any other person or firm, self-employed or otherwise, than originally stated on his application for license. When a change is made, he is required to so inform the ~~department~~ division. Otherwise, he is guilty of transferring his license in violation of Section 54-2610, Idaho Code, and is subject to license suspension, revocation, or refusal to renew under Section 54-2608, Idaho Code, or to prosecution under the provisions of Section 54-2628, Idaho Code. ~~(8-25-88)~~(____)

03. Previous Revocation. Any applicant for a plumbing contractor's license who has previously had his plumbing contractor's license revoked for cause, as provided by Section 54-2608, Idaho Code, shall be considered as unfit and unqualified to receive a new plumbing contractor's license so long as such cause for revocation is continuing, and of such a nature that correction can be made by the applicant. (11-14-85)

04. Reviving an Expired License. Any applicant for a plumbing contractor's license who has allowed his license to expire and seeks to revive it under the provisions of Section 54-2617, Idaho Code, may be denied a license as unfit and unqualified if, while operating under the license prior to expiration, he violated any of the laws, rules and/or regulations applicable to plumbing

contractors, and such violation is continuing, and of such a nature that corrections can be made by the applicant. (11-14-85)

05. Effective Dates. The effective dates of the compliance bond referred to in ~~IDAPA 07.02.05.013.01~~ Subsection 013.01 of these rules shall coincide with the effective dates of the contractor's license. Proof of renewal of the compliance bond must be on file with the ~~Department~~ division before the contractor can renew or revive his license. (4-6-05)(____)

06. Plumbing Contractor's Responsibility. It shall be the responsibility of the plumbing contractor to ensure that all his employees working at the plumbing trade are licensed as provided by Idaho Code and these rules. (8-25-88)

07. Continuing Education. A plumbing contractor must complete at least twenty-four (24) hours of continuing education as approved by the board for every three (3) year license period. A minimum of four (4) hours must be on Idaho Code, administrative rules, tax law, lien laws, and related business subjects.
